PROFILE

I am a seasoned Full-Stack developer with over 9 years of experience in web and mobile application development. As a senior developer, I am recognized for my initiative, problem-solving skills, curiosity, and eagerness to learn. I stay updated with the latest technologies, lead projects, mentor junior developers, and contribute to cutting-edge developments. My passion for innovation drives me to consistently deliver high-quality, efficient solutions that meet and exceed client expectations.

WORK EXPERIENCE

iXBroker   Financial Markets (**Forex & Cryptocurrency**)   2024/01 - Present
Full-Stack Developer- Risk Management ,London, United Kingdom (Remote)

- Developed and maintained full-stack web applications to support risk management operations, utilizing PHP, Laravel, and modern CMS platforms.
